Account Creation Notification Email for Non-Degree Students

From: University of Dayton IT Service Center<itservicecenter@udayton.edu>

Subject: New University of Dayton Account Information

Message:

Welcome to the University of Dayton! Below you'll find some useful information about your UD computing account.

Your UD username is: <username>

To set up your UD computing account:

- Visit activate.udayton.edu to activate your account. This will include confirming your identity by clicking a link sent to this email address, setting your password and supplying security question responses (for resetting your password if needed).
- Enroll in UD's 2-factor authentication (2FA) system. Login at porches.udayton.edu to begin the 2FA enrollment process. [More about UD's 2FA system](#)

Porches is an excellent online experience that will answer your questions and allow you to explore the University of Dayton. You will find useful campus information and resources including:

- UD news and announcements
- Academic calendar
- Links to Flyer Student Services resources and Isidore (e-learning site)
- Tools including billing resources
- Visibility settings for your personal information
- Password reset

If you have further questions about your UD computing account, contact UD's IT Service Center at 937-229-3888 or ITservicecenter@udayton.edu.

We hope to see you on campus soon!
